

Despite the economic conditions presenting in the world around us, you don't have to give up on your dreams, goals, and visions. Your plans of owning a home, getting married, starting a family, writing a book, finishing college, being in a thriving fulfilling career, building a highly profitable business, or any other God-inspired goal that you have, be it personal, professional, or spiritual are well within your reach.

In this video, learn how to birth your books, brands, businesses, and breakthroughs successfully every time!

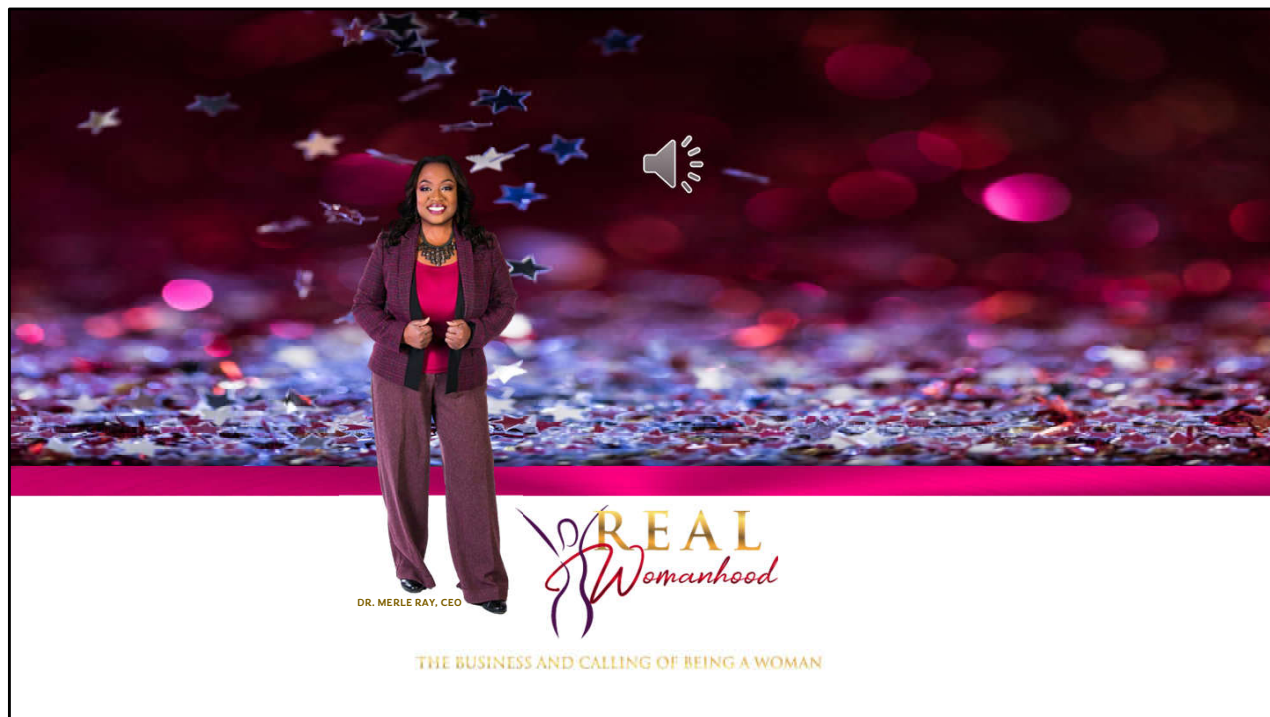

Are YOU pregnant, trying to get pregnant, at-risk, or about to deliver a long-awaited promise in your life?

Do YOU have the desire to birth a book, brand, business, or a breakthrough that you know God has placed on your heart?

Today, I'm going to share with you 3 life-changing strategies that God gave me for BIRTHING MY BOOKS, BRANDS, BUSINESSES, AND every GOD-INSPIRED BREAKTHROUGH successfully!

I'm Dr. Merle Ray, THE BRILLIANCE MIDWIFE, MENTOR COACH, PROFESSIONAL

CONSULTANT & STRATEGIST™ FOR WOMEN AND COUPLES WHO ARE EXPERIENCING
DIFFICULTIES GETTING PREGNANT ON PURPOSE BIRTHING THEIR GOD-GIVEN DREAMS and
VISIONS!

It's going to be very important for you to not be distracted by whatever's going on around you; turn off your cell phone, and don't even be worried about note-taking, screenshotting, or making sure that you got it all down. If you listen to the very end of this video, you'll have the transcript to go back and revisit everything you heard today.

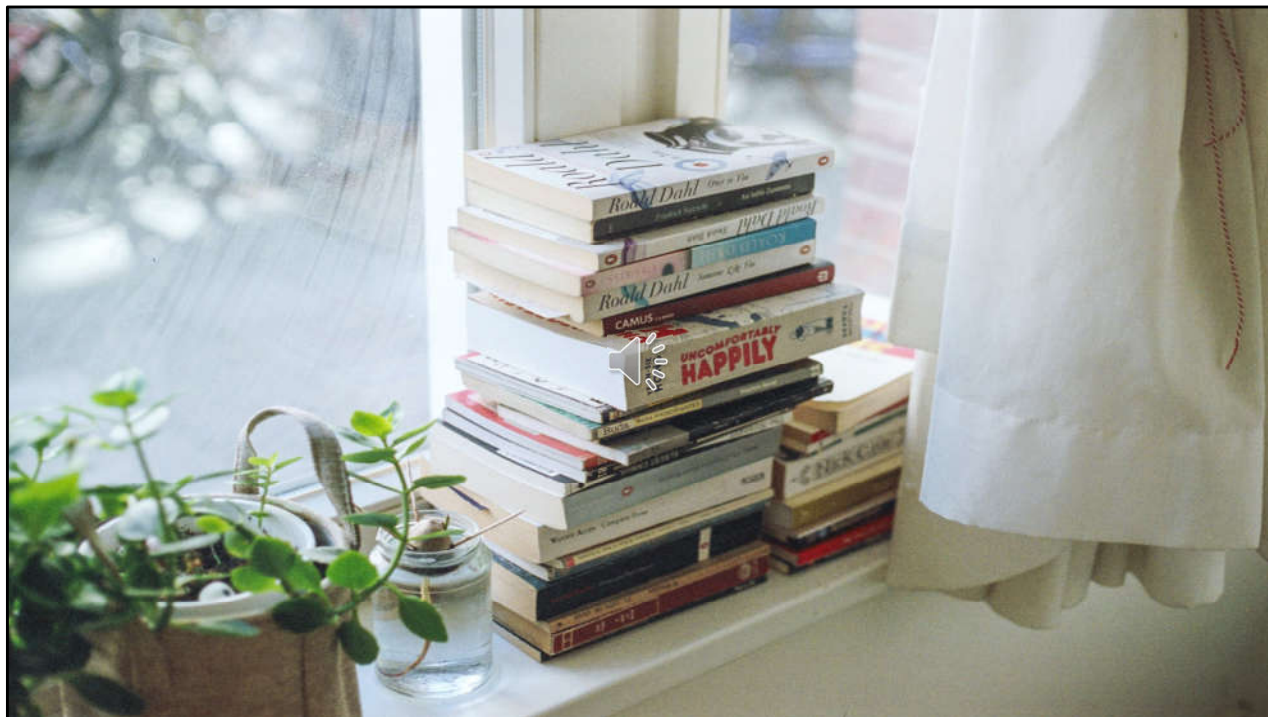

You don't want to be distracted while listening because birthing a dream or vision that God has given you is in many ways, like **GETTING PREGNANT IN THE NATURAL**. So when you and your love are ready to make a baby in the natural, you are not concerned with what's going on elsewhere. You are only focused on you know WHO, and getting ready to conceive and give birth to your love child.

So, if you are struggling to birth your books, brands, and businesses, today is the day of your breakthrough! For any God-inspired goal that you have, be it personal, professional, or spiritual what you hear today will potentially change your life!

So, take a few seconds now to:

- Close your social media pages.
- Set your phone on silent in a different room where you can't see it.
- You want to close out the windows and tabs that are open in your browser right now.
- Shut down everything as if you are preparing to be with your LOVER because you are

about to set your faith to become PREGNANT ON PURPOSE!

Again, for those of you who are just joining in, I'm Dr. Merle Ray and today, I'm going to show you how to BIRTH YOUR BOOKS, BRANDS, BUSINESSES, AND BREAKTHROUGHS by BECOMING PREGNANT ON PURPOSE - overcoming the spiritual impotence and infertility that keep you from birthing.

- I'm going to show you how to stop allowing spiritual impotence and infertility to destroy the hopes, dreams, and plans you and God have for your life.
- I'm going to show you how spiritual impotence and infertility can keep you broke, busted, and

- disgusted in that place of barrenness if you allow it.
- I'm going to show you even how spiritual things can even interfere with your physical desires to be fruitful and experience God-ordained promises for your life.

- I'll be frank with you about my own story of barrenness and the lack that once ruled my life, despite my multiple college degrees, despite being single and married, and despite being an Executive in leadership at some of the largest and most respected corporations and organizations in the United States.
- Then I'm going to show you how that cycle of lack

was broken by a lifestyle of transformation and what I call the soul piece. I truly believe you can walk in fruitfulness too using the same biblical birthing principles that God has given in His Word.

- At the end of this video, I'm going to make you an offer to work with me through a series of Coaching Sessions, Tools, Planners, and Workbooks.
- And most importantly, I'm going to share with you biblical birthing principles revealed in Scripture that God ushers us to and through, and that I've used to fall in love with God again and again, and become pregnant on purpose, birthing my dreams and visions – even during times when nothing else worked or satisfied.

A little bit about WHO I am and my background, before I was Dr. Merle Ray, I was a woman who had been taught the right behaviors since birth. I was born and bred in the church, respectful to my parents and teachers, making good grades, the eldest child at home and a leader at school. From the age of 12, I was assigned to teach other children Sunday School, so I learned the bible at a very early age. Outside of church, I was an honor student in the top ten percent of my class and was decorated with academic medals and awards. Yet I was totally distraught by age of 22. I was unfulfilled and looking for love in all the wrong places.

SPIRITUAL IMPOTENCE

- Inability to take effective action to take hold of God-given promises and desires that are given to you; helplessness.
- Inability to achieve what God created you to have and accomplish.

SPIRITUAL IMPOTENCE –

- Inability to take effective action to bring to pass God-given promises and desires that are given to you; helplessness.
- Inability to achieve what God created you to have and accomplish.

I came from a family of warm loving women who were badly abused as young women and they were raised with practically no self-esteem. The adult women around me, my aunts and older cousins had no training or nurturing to compensate for what they didn't get as children. Even though I was an honor student, I forwent college and married right out of high school, thinking that I was doing the right thing. You know what I mean ladies back in the days when Mothers in the church didn't help their daughters get birth control because they didn't expect you to be having sex outside of marriage. Naivety and domestic violence made me a divorced parent by the age of 21. An over-achiever, I excelled at work, receiving one promotion after

another and then I started going to college part-time at night. Along the way, I became many great roles in Corporate America.

SPIRITUAL INFERTILITY

- Not being able to get pregnant (conceive) after being intimate with God for some time.

SPIRITUAL INFERTILITY –

- Not being able to get pregnant (conceive) after being intimate with God for some time.

I was one of the youngest corporate director in the world-renown Texas Medical Center organization in which I worked. Later, I became a high-profile “eHR” director for a Fortune 500 company. I was very active in leadership in my community and the church. I developed people and managed projects for a living. I was a Chief HR Officer for several years and my degrees are in leadership, so my walls were decked out with awards. Yet inside, I struggled with personal, professional, and spiritual unfulfillment, and things felt even worse at the thought of not having a man during those times when I was not in a relationship. And lest you think it’s all about having a man, it’s not. The truth is my life had just as much drama and trauma if not more, when I

finally got the man.

CAN YOU RELATE?

- What is holding you back from effectively taking action to take hold of God-given promises and desires that God has given to you?
- What is causing your inability to achieve what God created you to have and accomplish?

Think about the times in your own life (whether married or single) when you struggled with unfulfillment. Even now – you may be unfulfilled in your personal life, unfulfilled in your professional or business life or relationships.

To be honest, it is easy to become unfulfilled even in your church life and in your spirit. You must know that there is something more in your relationship with God that He has given you. Ever wonder why nothing seems to really satisfy you for any long periods of time?

Now, imagine what your life would look like if you knew you could be filled with not only passion but fulfillment by

birthing every single breakthrough that God has implanted inside of you just waiting to be birthed?

**WHAT DOES IT FEEL LIKE TO BIRTH A
DREAM?**

WHO ARE YOU BECOMING?

What would your life look like if you could birth that God-given desire you have inside? Some of you have desires to write a book or a series of books that God has given you. What would that feel like to finally accomplish that dream? Some of you have a desire for a business, but you seem to be stuck. What would that look like if you were doing Business at the higher level that you have sensed that you can do? Some of you are created to build brands that stand for something, brands that are meaningful because you helped solve a problem or issue for others. What does that look like when people come looking for that brand of service or product or experience that you gave birth to? And some

of you listening right now are in need of a birthing, but that birthing is not about a particular product or a service, it's about a Breakthrough for you inside yourself.

How would things be different if you were fully satisfied from the inside out knowing that you were birthing every one of your God-given promises at the right time?

WHO would you be if you were not spiritually aborting, suppressing, or rejecting what God has implanted from the inside of you?

Whether your hopes are external like:

- Owning a home, getting married, starting a family,...?
- writing a book, finishing college,...?
- building a highly profitable career or business,...?

Or whether your dream is internal like:

- becoming a more confident competent authentic you; or
- whatever your God-inspired dream or determination is: you fill in the blank _____ (on your paper of what that dream, vision, or goal) looks like.

Here's your moment to do that now. Stop and write down on a piece of paper what that looks like when you are birthing at your highest level!

Let's jot that down now.

WHAT DOES YOUR BIRTHING LOOK LIKE?

- What do you see when you are birthing at your highest level?

SECRETS TO BIRTHING

SECRET #1

For those who think you might have missed your birthing season... to give insight into Secret #1, Meet Mrs. Carrie Porter of Pittsburgh, PA.

Carrie is 92 years old and is the creator of the MomPorter brand. She has her own website, www.MomPorter.com. At the age of 80 years young, she wrote her first book. Here's a picture of it. Isn't she beautiful?

Starting at the age of 3, Carrie was told she was never going to be anything but ugly. At 4, she was molested by a stepfather who claimed to be a preacher. He constantly subjected her to unimaginable perverted acts stating that

she was: “ugly, no good, would never be anything, and nobody would ever want her.” Carrie was told: “If you tell your Mom, I’ll kill you AND all the rest of you.”

But God had a different vision for Carrie.

At the age of 46, she met and married this man, Mr. Lloyd Porter, who became her husband and treated her like a queen until the day of his homegoing in May 1998. Since then, for the last 24 years, Mrs. Carrie Porter has travelled over different parts of the world asking everyone she meets just one question: May I Pray With You?

Her book of the same title says it all. She also has a published Prayer Journal to go along with her first book, and she wrote and published a second book entitled, Mom Porter's Legacy: Tips for Healthier Happier Living. I’m so honored for the divine connection to work with MomPorter and you can check her out at MomPorter.com.

SECRET #1:

It’s never too late to get pregnant on purpose!

SECRET #2

For those wondering, “What does God have to do with birthing?...”

Meet Pastor Cassandra Scott of Houston, Texas.

A former high school cheerleader, majorette, and corporate executive secretary, Cassandra married young and became the wife of a prominent Houston pastor. When Cassandra was told by doctors that she could not have children, like Hannah, Cassandra sought the face of God. As challenges with bearing in ministry and personal life developed, Cassandra started interceding not only for herself, but for the women of congregation that their wombs would become fruitful, and many of them conceived who had been

experiencing difficulty with physical childbirth. Today, by the grace of God, Pastor Cassandra is a dedicated mother of three beautiful children who have grown into adulthood, and a whole host of spiritual offspring. through Pastor Cassandra's preaching, teaching, and other ministry gifts, she has inspired the birthing of hundreds of spiritual leaders and business leaders all over the globe, including myself. It all started for me when I heard Cassandra yell out in one of her prayer meetings: "I dare you to fall in love with God!" I became offended at those words, but I kept going. God used that opportunity to birth out of me the very breakthrough that I needed that changed the trajectory of my life!

SECRET #2:

Fall in love with God!

SECRET #3

There are others of you struggling with knowing whether you have what it takes to birth...

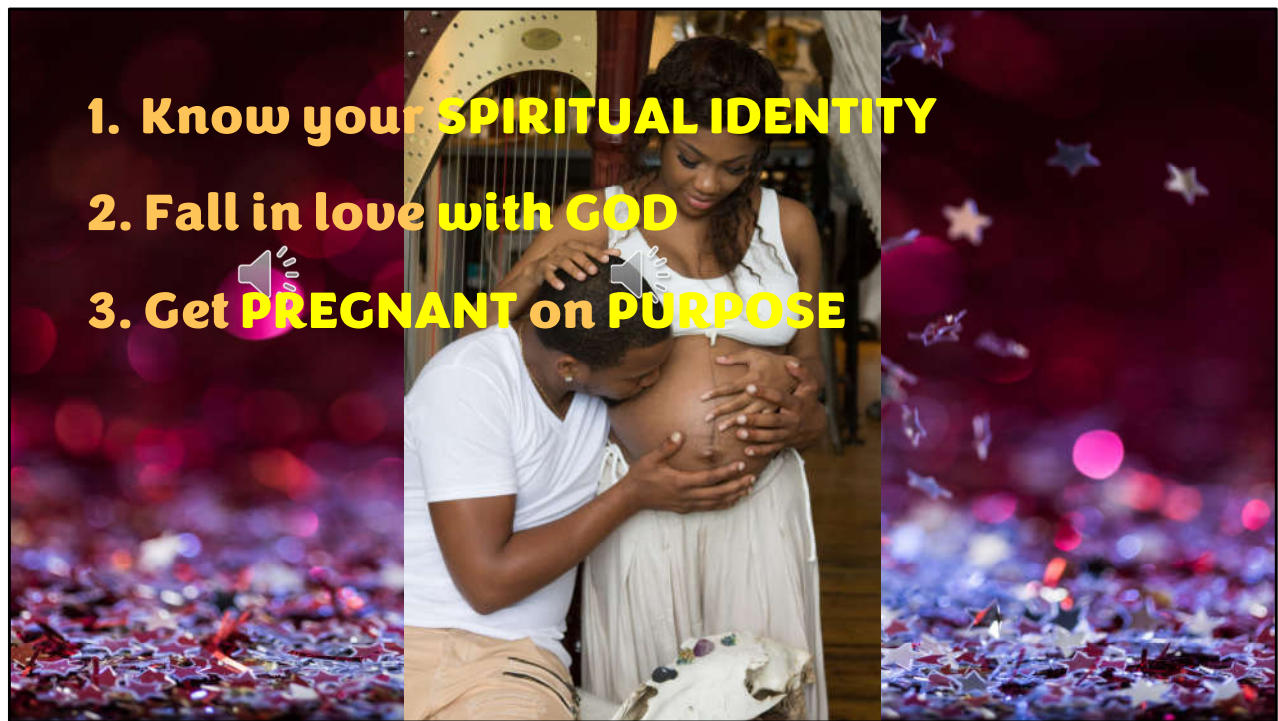

Meet Mrs. Kaiya Washington.

Kaiya is my firstborn. She is also a wife and mother of 3; she is a grandmother and is expecting her 4th child now at the releasing of this video. Together, she and my son-in-law, Spencer, have 5 girls from previous marriage. Kaiya is also celebrating her 40th birthday tomorrow. Even as a young girl, Kaiya always knew that she wanted the baby that she is

carrying now. You see, at the age of 4, I took Kaiya with me to visit a friend of mine from work. When my friend's mother asked: "Kaiya, what do you want to be when you grow up?" Looking up from playing with a toy in her hand, Kaiya straightway announced: "A woman!"

Not long after meeting her God-ordained husband 4 years ago on a date, Kaiya made known that she wanted marriage and children again and that her fallopian tubes had been burnt closed. Against the odds, she and her new husband endured many difficult steps towards fertility, but Kaiya refused to forget the woman that she is within – the woman that God created her to be! Today, she is not only the mother of my 3 beautiful granddaughters, but also mother of the urban fiction brand: KoKo Copies and author of her first novel entitled, *When I Grow I Up I Want to Be a Woman*.

SECRET #3

Self-care is remembering WHO you are in Christ. It's not having forgotten in the first place. Listen, when you know who you are in Christ and the deep riches of your salvation in Him, that is what enables you to breakthrough. It is the breakthroughs and grace elevations from God that produce books, businesses, brands, and more breakthroughs that come forth. I believe that You too can Birth your God-given brilliance into the atmosphere!

WHY WORK WITH ME?

You most likely already have pastors and spiritual leaders in your life, right?

Right, and I am not here to replace them.

I am a professional consultant, mentor coach, and strategist

that knows how to get things done in both the natural and in the spiritual.

If you are pregnant with your God-given books, businesses, brands, and breakthroughs, you'll want to connect with me and the REALWomanhood.com platform because we are not just birthing these products together, we're making godly transformation a way of life like never before. Those who work with me learn how to apply the Word of God to see the difference that godly wisdom makes. Plus, by living God's wider definition of womanhood, we get to experience the benefits of God's kingdom right here right now inside of us.

At REALWomanhood.com, we commit to applying the Word of God in three ways:

- 1) Knowing who we are in Christ,
- 2) Falling in love with God,
- 3) Getting pregnant on purpose birthing our God-given dreams and visions.

Together, we become what I call ***"Corporate Sisters."*** I mean we are real women who understand the ***Business and Calling of Being a Woman.***

REALWOMANHOOD: THE BUSINESS AND CALLING OF BEING A WOMAN

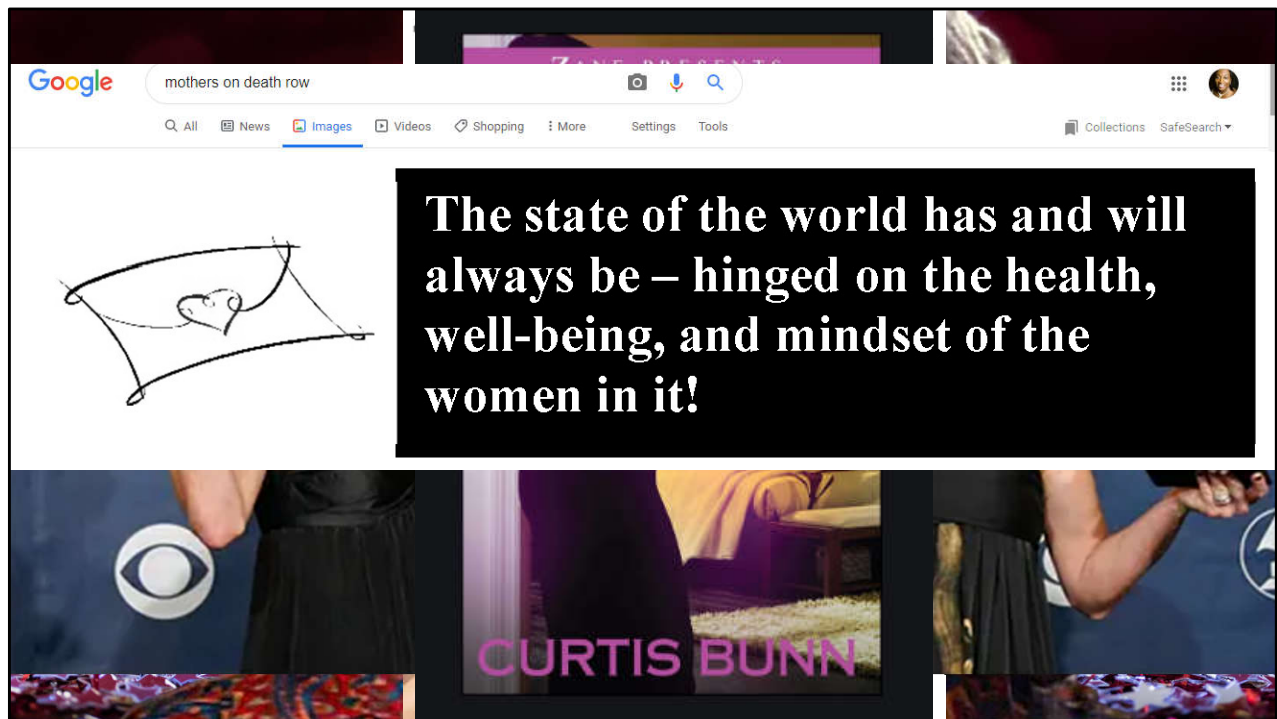

What does REAL WOMANHOOD look like to you?

I'm not talking to young girls in their teens, here; those are children; I am not referring to anyone who would be considered a minor.

No, I'm talking to adult women, including but not limited to those who might refer to themselves as the grown and sexy woman, the Divas, and the chicks.

All adult women whether in or out of the church, I ask you:

What does REAL Womanhood mean and look like to you?

Let's talk about that for a moment. What does Real Womanhood look like?

For starters in my opinion: **Real Women Don't Cheat!**

What do I mean by that? I mean we do not need men dressing up like women, acting like women, trying to express the female agenda.

Listen, I believe we are in serious trouble when the closest heroine a young woman can find when she has a man problem is man dressed up as a pistol-packing church grandmothers who smoke dope and has a criminal record. Female sages of wisdom are scarce these days, even for the rich and famous. Tyler Perry's "Madea" character is one example that comes to mind. In my book, *Spiritual Identity*, I mention the female country music singing group, the Dixie Chicks. One must wonder which female champion they consulted with before they all marked their naked bodies with words in black paint and posed nude on the cover of a magazine. They were attempting to justify a nasty remark they made about then U.S. President George W. Bush on foreign soil during wartime. What do the Dixie Chicks and Tyler Perry's "Madea" have in common?

They cheated!

One broke our idea of what a religiously correct “Grandma” looks like and became a media sensation. The other broke our idea of what a politically correct female looks like and walked away with five Grammy’s. They used the rules of our culture to break the rules of our culture, and many saw them as heroes.

But what happens in real everyday life when the women in our culture cheat in applying the rules of our culture?

When women are unfaithful to those who love them most, are we laughing saying, “It’s okay; that’s just their basic right to freedom of speech and expression?”

When mothers are hanging their children and then turning around and hanging themselves, are we sitting down writing prime time sit-coms about it?

While entire families across our nation are being wiped out in domestic violence, drug addiction, and teenage terrorism, are we now calling it entertainment and rallying for our basic freedoms to smoke pot, carry weapons, and pose nude on the cover of a magazine?

Not to overlook men, but when women are missing in action from their families – when they offer themselves to other women’s husbands – when they reject their children or do even worse – or when they simply can’t see their God-given potential, I don’t accept those things as just another part of life.

Since the beginning of **time the state of the world has and will always be hinged on the health and well-being of the women in it.**

So, when women cheat, they break sacred ground!

They violate the right in favor of the wrong.

They cross one cultural boundary that is virtually unarguable in every humane society – the rule that **real women don’t cheat.**

They are faithful – to God, themselves, their families, and their country.

As my former pastor would say,

“You missed a good place to clap, right there.”

IT TAKES FAITH TO BE A WOMAN!

The powerful thing about **Being a Woman** is the faith that it takes to be one.

Unlike being a man, being a woman is divinely designed for holding faith in the womb to bring about the unseen into the seen realm.

This is with both things in the natural and things in the spirit, for the Bible says in Hebrews 11:1 that: ***Faith is the***

substance of things hoped for, the evidence of things not seen.

Throughout ages scientists have tried to see life created and incubated inside the male body. To this day, medical science is still trying to do conception and birthing trials using the male anatomy and physiology. But giving birth is something that has only been successfully accomplished through the female anatomy and physiology. If God himself did not break the laws of science, nature, biology, anatomy and physiology to give birth to His own son, what makes us think that we can?

God knows something that we don't fully know. **It is that being a woman is a providential calling; it is not a selection.** Being a woman is a call of faith. **Every woman has the call – to give life** – not just to a baby – but to give life to something.

REALWomanhood is about **giving BIRTH**. The question is:

What will you give birth go?

In the Bible, Eve had the calling to be a woman. She was called to be a woman of faith. She was blessed from the very beginning. She was in the presence of God in the garden hand-fashioned by God, perfectly fit for womanhood. This was a blessing!

She was given a name and a position that literally meant “Mother of all living.” This was a blessing!

She had a man that was hand-carved and chiseled by the hands of God. What a sight that must have been. This was a

blessing!

She was designed and positioned to live in ultimate harmony with God and man, having dominion over the earth. This was a blessing!

With all these blessings, why didn't Eve believe God in any of it?

What does this say to us?

We can be in perfect proximity to God all up in the church, talking the talk of holiness, all decked out like we are walking the walk, looking like we are connected to heaven; we can be the life-giving mother of our circle of influence around us, **and still not be intimate with God!**

We can have the name, the title, the book, the look, and the hook, just like Eve had – and still create nothing but drama in the world!

From our predecessor, Eve, in REALWomanhood, we learn the most powerful, most transforming, and most profound

lesson of all:

IT TAKES FAITH TO BE A WOMAN!

This is what the connection with Dr. Merle Ray and the REALWomanhood.com POP platform is all about.

Get motivated, inspired, and empowered to give birth to your books, brands, businesses, and breakthroughs through godly transformation – intimate experiences between you and God.

Every woman has her own journey, and she doesn't need to cheat herself out of the journey. The journey is one that builds both character, calling, and connection. You don't need to cheat yourself or others out of the profound unique powerful experience of birthing and delivering yourself and your God-given gifts into the world.

The Midwife is here to help you through the process.

It's your baby! The Midwife is here to help you deliver it!

I offer women (3) opportunities to connect for birthing your books, brands, businesses, and breakthroughs. This is you stepping into your God-given brilliance! I help you to make godly transformation a way of life so that you can experience what it's like to enjoy a lifestyle of birthing.

So, there are 3 ways, we work together: The first way I just mentioned and strongly suggest - is to make godly transformation a way of life so that you can begin a lifestyle of birthing.

How does it work for example in the ACCESS LIFETIME TRANSFORMATION plan?

It's simple. I suggest that:

- Every 3 months you go through one of the books on the POP platform.
- Take the time to soak in the Word you find in the books and answer the Coaching questions.
- Feel free to Ask questions along the way and most importantly apply from the Word of God what you receive.

I usually take the 1st 3 months of every year – which is the first trimester of my birthing and I spend time soaking in My Spiritual Identity, which is what the Holy Spirit did with me. He is the Ultimate Mentor who taught me who we are in Christ and God's wider definition of our womanhood. This teaching is profound worldview wisdom for women, and it's directly accessible and available to support you in your journey toward God's wider definition of your womanhood at no matter what age you are.

You simply get your book available on Amazon.com and jump in.

Anytime you have a question or something you want to share with me, simply reach out through OUR PRIVATE REALWOMANHOOD POP COMMUNITY or my personal email and

you'll receive a direct response.

Each week, you'll be receiving what God has given me to provide to you via OUR PRIVATE REALWomanhood PREGNANT ON PURPOSE Community.

The 2nd trimester and 3rd trimester are different books that we jump into from the Pregnant on Purpose platform, and it works the same way so all year long, you are receiving what God has given me to provide to you through the Coaching books, workbooks, and setting up your own goals for getting POP by the 3rd trimester of your transformation journey.

So, think about it. Where else can you get this kind of powerful immersive coaching, motivation, inspiration, and empowerment under one roof?

Working with me, you get to experience:

- Motivation
- Inspiration, and
- Empowerment as a way of life all year long in our ACCESS LIFETIME TRANSFORMATION!
- Plus, you can add on Action and Accountability in our ACCESS MONTHLY LIVE PRIVATE INNER CIRCLE GROUP where you setup your Actions and Accountability for your success!
- And if you desire, you can add on 1-on-1 access to work with me directly to develop your own Brilliance Birthing Platform for your books, businesses, brands, and breakthroughs!

So go ahead and click the plan that suits your needs and let's begin your lifetime of birthing!

Many often ask: How do we work with couples?

We work with husbands and wives by working with you as a Couple where the three of us work as a team to build your customized platform. There are no separate conversations or work sessions where husbands and wives show up separately. This is not counselling nor therapy. This is working on your actions plans for accomplishing your goals for your books, businesses, brands, and breakthroughs. So the best Access for couples is the One-on-One Live where I am one and you and your husband are one.

A number of you have asked about **one-on-one calls** to help you complete your monthly **“To-Do” list** for your birthing. The answer is YES!

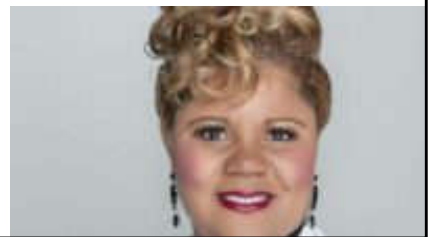

Unlike many other consultants and coaches who don’t like working 1-on-1, I love working one-on-one with you because it gives me an opportunity to actually demonstrate how-to’s and give you up close insights based upon your particular QUESTIONS about your book, brand, business, or breakthrough scenario! Individuals who would like to speak with me personally on a coaching call are welcome to do so. Simply sign up for the **1-on-1 Live Q&A** which is the plan showing now on your screen and you will receive the contact information for calling me once a month with your questions regarding your projects. I will spend up to 40 minutes on a live call with you to respond to your question and show you (when possible) via Zoom call a demonstration or illustration of what you are asking about. This in my opinion is better than a YouTube video. Why? Because when you are working on your book, brand, business, and breakthrough, you typically don’t want everybody and their mama hearing your particular business information. So, I like to offer in addition to the wonderful services that you have heard about so far, the opportunity to speak with me directly on a 1-on-1 call. Now, to be most effective on our 1-on-1 call, all I ask is that you email me first to give me an opportunity to hear your question. That way, when we get together on the call, we don’t have to spend all of our time up going through the question first, we can have the proper time to review and investigate what it is that you are in need

of ahead of time via email. So, when you sign up for **1-on-1 Live Q&A** you get to email me ahead of time with your question so that we can setup a time/date to respond back to you within 36 hours. Sound fair enough? And if you want additional help beyond the first call, simply setup another 1-on-1 Live Q&A call to follow-up anytime you wish.
